SCHOOL BUS DRIVER

You will safely transport children to and from school. This position has a part-time work schedule with morning and afternoon shifts. Drivers usually work 20-30 hours per week. Each bus is equipped with a 2-way radio so that drivers can obtain immediate assistance from a local dispatcher whenever needed.

BRING YOUR CHILD TO WORK

As a DATTCO driver, you can bring your child or grandchild on the bus with you. Restrictions may apply in some locations. Speak to the branch manager for more information.

FREE PERSONALIZED TRAINING

No experience driving a school bus is necessary because DATTCO provides comprehensive training. We have new classes beginning every week and each driver is mentored by an experienced trainer. You will learn all aspects of the position at your own pace. You will earn a Commercial Driver's License (CDL) at the end of training. This training would cost thousands of dollars at a driving school but DATTCO provides it for free to our drivers.
